URGENT APPEAL

The ban in 2022 on bringing dogs into the UK from Romania has hit rescue organisations hard.

Dogs we saved from the horrific kill shelters are in safe shelters out there - but the costs soon mount up.

We currently have over 60 dogs in Romania waiting to come to the UK, costing us approx £3200 per month.

If you could help us with any amount you can rest assured every penny goes to the dogs - Pennypaws is run entirely by 5 volunteers.

How to sponsor a Pennypaws Rescue dog

Not everyone is in a position to adopt a dog, and many people who can't have a dog, choose to sponsor a dog instead. It's a lovely way to help more dogs escape the kill shelters and find a loving home in the UK.

At Pennypaws, we are urgently looking for sponsors to help towards the costs of supporting the dogs we rescue in Romania.

While they are in safe shelter over there, food costs around €35 a month per dog, and we currently have a large number of dogs in safe shelter waiting to come to the UK – so the bills soon mount up.

We know €35 is a lot of money but sometimes people share sponsoring a dog. But please remember you can sponsor a dog with whatever you can afford - every single penny goes to help the dogs, we are run entirely by volunteers.

If you can help by sponsoring a dog we will keep you updated with news of their progress towards getting to the UK and finding a loving forever home.

All you need to do is contact Gill Jenness on 07795 803434 or email gill.jenness.gill@aol.com. [Or use the contact page here.](#)

[You can see a list of the dogs we are looking for sponsorship for on the website here.](#) Please take a look and just get in touch with Gill if you would like to sponsor one of them. Thank you for looking.
